SUBJECT: NATIONAL PANEL OF TECHNICAL EXPERTS (NPTE) CALL FOR NOMINATIONS

Dear Chairperson DE VERA,

We write to you in reference to the Call for Nominations of Membership in the National Panel of Technical Experts (NPTE) of the Climate Change Commission (CCC), which opened on 7 July 2021.

The NPTE is composed of experts in various disciplines related to climate change that provides technical advice to the Commission in climate science, technologies, and best practices, for risk assessment and enhancement of the adaptive capacity of vulnerable human settlements to potential impacts of climate change.

At this juncture, the CCC, through its Chairman-designate Sec. Carlos Dominguez, would like to request your office to encourage higher education institutions, particularly state universities and colleges in provinces, to nominate climate experts in order to properly address the climate change issues being faced by their respective communities.

This call aims to broaden the country's pool of experts on climate change and reconstitute the NPTE members to adequately address practical concerns of local governments and the vulnerable sectors. This will also ensure the institutional, regional, and sectoral representation of the NPTE membership. Details of the nomination may be accessed on the website of the CCC at <https://climate.gov.ph/news/534>.

Given the foregoing, we wish the Commission to disseminate this opportunity to your offices and affiliations. The deadline for submission of nomination letters has been extended from 15 July 2021 to 11 August 2021.

For any questions or concerns, you may contact the NPTE Secretariat at npte-sec@climate.gov.ph (cc: ifg_ifpo@dof.gov.ph).

Thank you.

Very truly yours,
