**INTRODUCTION TO MEETINGS, INCENTIVES, CONFERENCES AND EVENTS
MANAGEMENT CLASS 2021**

THEME:

*“INCLUSIVITY FOR ALL: Unceasing Hospitality and Tourism Opportunities through
Multicultural Diversity, Business, and DigiTech”*

RATIONALE:

With reference to the Annual Regional Convention conducted yearly by the Convention and Events Management Class (CEMC) of the University of Saint Louis Tuguegarao, the class enrolled in the course subjects HOSP1053 and TOUR1173: Introduction to Meetings, Incentives, Conferences and Events Management (IMICEM) would like to take this opportunity to continuously support the legacy that has been created by our senior alumni. The class would like to take the responsibility in organizing and managing the 1st National Convention and 8th Hospitality and Tourism Academic and Skills Olympics.

With the challenges brought by the pandemic, many tourism and hospitality establishments have turned down their operations. A million of workers suddenly become unemployed because of the uncertainty over economic recovery and global fears of continuing COVID-19 spread and future waves. With the changes in society due to the outbreak of COVID-19, the tourism and hospitality industry experienced an opportunity shock earlier than other industries, with a sharp drop in the number of employees, a dramatic rise in temporary leave and hinder opportunities for people. We all know for the fact that this pandemic lessened opportunities for people because of the restrictions, but we are also aware that never ending opportunities are coming on our way. For these reasons, the core team have decided to establish a convention, with the theme, “INCLUSIVITY FOR ALL: Unceasing Hospitality and Tourism Opportunities through Multicultural Diversity, Business, and DigiTech”. Additionally, the theme was also created using the United Nations World Tourism Organization's (UNWTO) theme for 2021, "Tourism for Inclusive Growth".

The high caliber speakers are chosen based on their achievements and backgrounds to assure that they will thoroughly discuss the topics, share their experiences on the path of how they had successfully surpassed the trials to excel in their expertise to be emulated by the participants of this convention. The primary goal of the convention is to impart vital information about the unceasing opportunities related to Multicultural Diversity, Business and Digital Technology. This convention seeks to develop a dialogue with regards cultural competence, creative culinary and digital marketing. The subject focuses on encouraging tourism and hospitality students, enthusiasts, and practitioners by exhibiting how the industry can thrive in the face of uncertainty and disaster to achieve inclusive growth. As a result, the convention will create awareness among all attendees about the unceasing opportunities of tourism and hospitality industry, ensuring that no one is left behind.
