Dear Director Domingo,

Healthy Greetings!

Vaccination, as a public health measure against infectious diseases with outbreak potential, has again proven its efficacy and effectiveness against the COVID-19 pandemic.

As we continue to step up efforts to transition to a new normal amid the COVID-19 pandemic, we aim to vaccinate at least 80% percent of the total population in the region. To achieve our goal, one of the activities to be undertaken is the conduct of COVID-19 vaccination of all employees and the total number of learners who are not yet vaccinated, those who are due for their second dose, and booster/additional dose.

In accordance with this, may we seek assistance from your good office to kindly disseminate the attached template in order to conduct COVID-19 vaccination activities on your respective areas. This vaccination objective is one of the priorities for the proposed National Vaccination Day Part IV on March 10-12, 2022 and to ensure the effectiveness of interventions to improve targeted vaccine coverage. This will be the basis of our Regional COVID-19 Vaccination Team for the scheduling of their COVID-19 Vaccination session.

Our staff, Ms. Jermaine Farrah L. Cepeda, RVOC Operations Head will respond to any concerns that you may have regarding the matter. She may be reached at [dohcvchdcovid19@gmail.com](mailto:dohcvchdcovid19@gmail.com) or through our Hotline Number 0960 848 7260.

Looking forward for your affirmative response regarding to this matter.

Thank you very much and God Bless!

Very truly yours,

**GRACE V. SANTIAGO, M.D., MHA, MPM, PHSAE, CESE**  
 Director IV  
 Chair, Regional Vaccination Operations Center
