FOR : PRESIDENTS/HEADS/OFFICERS-IN-CHARGE OF PUBLIC AND
PRIVATE HIGHER EDUCATION INSTITUTIONS (HEIs) IN REGION 2

SUBJECT : REQUEST FOR DISSEMINATION TO COLLEGE AND GRADUATE
STUDENTS THE SURVEY REGARDING THE EFFECT OF BODY
IMAGE AND SKIN LIGHTENING PRACTICES ON MENTAL HEALTH
OF EMERGING FILIPINO ADULTS

DATE : DECEMBER 12, 2022

The Commission on Higher Education Regional Office 2 hereby disseminates the information in the attached communication from **Mr. Zypher Jude G. Regencia**, Ph.D. candidate and Principal Investigator, Department of Clinical Epidemiology, College of Medicine, University of the Philippines (UP) Manila, requesting college and graduate students from Higher Education Institutions (HEIs) in Region 2 to respond to the online survey of his ongoing Ph.D. dissertation titled "Effect of Body Image and Skin Lightening Practices on Mental Health of Emerging Filipino Adults: A Mixed Methods Approach". The respondents of the online survey include Filipinos who are 18-29 years old who are residing in the Philippines. The online survey could be accessed through the link below:

Atty. Marco Cicero F. Domingo

OIC - Regional Director

Commission on Higher Education - Region II

Regional Development Center, Carig, Tuguegarao City, Cagayan

Dear Atty. Domingo,

Greetings!

This letter is in reference to my ongoing Ph.D. dissertation entitled ***"Effect of Body Image and Skin Lightening Practices on Mental Health of Emerging Filipino Adults: A Mixed Methods Approach"***. I am Ph.D. student at the Department of Clinical Epidemiology, College of Medicine – University of the Philippines Manila. This project aims to assess the effect of body image on the mental health of Filipino emerging adults as mediated by skin-lightening practices and determine the factors that influence them. The project consists of an online survey that will include Filipinos who are **18-29 years old, and residing in the Philippines.**

I want to seek your office to assist me in the dissemination of the online survey. This survey is intended for the college and graduate students who are qualified to respond to the survey based on the criteria above. I believe that your vast connections with the different schools in your region being handled by your office will help expand my reach to the prospective participants. The results will be used to increase the awareness of emerging adults as to the effect of body image and skin-lightening practices on their mental health status. Furthermore, this may help them understand how this phenomenon is affected by various factors culturally sensitive to the Filipinos. The protocol has been approved by the University of the Philippines Manila Research Ethics Board (UPMREB 2022-0407-01) and will adhere to the Philippine Data Privacy Act of 2012. The survey can be accessed through the link below or via a QR code:
