A. About KOICA

The Korea International Cooperation Agency (KOICA), established in 1991, is a governmental agency dedicated to providing Korea's grant aid programs. KOICA aims to promote amicable, cooperative relationships and mutual exchanges with developing countries by rendering support for their socioeconomic development. KOICA has been engaging in a wide range of schemes ,including the Fellowship Program, Korea Volunteer Dispatching Program, Humanitarian Assistance & Disaster Relief, Public-Private Partnership, Bilateral and Multilateral Projects etc.

B. KOICA Fellowship Program, CIAT

Like its acronym that sounds like "seed" in Korean, CIAT hopes to spread seeds of hope across KOICA's partner countries. CIAT is a cooperation program where policy-makers, public servants, and experts from KOICA's partner countries are invited to Korea for technical training and knowledge sharing. CIAT has established partnerships with a multitude of public organizations, research institutes, universities, and others in Korea to offer quality training programs. Especially, CIAT Scholarship Programs provide various supports to partner countries' talented government officials who want to study and get a graduate degree in Korea. Such efforts have resulted in a high level of satisfaction among participants. After returning to their home countries, CIAT participants contribute not only to their societies but also to strengthen Korea and partner country's bilateral partnership.
