The NMAT will still be administered online. Multiple test dates are offered to give applicants options on the schedule that best suits their availability.

To secure the examination process, human proctors will supervise the examinees remotely with the assistance of artificial intelligence systems. Only a fixed number of examinees is accommodated per test day to ensure proper monitoring. NMAT applicants are thus encouraged to register as early as possible to secure their desired schedule through the NMAT Online Registration System at [www.cem-inc.org.ph/nmat](http://www.cem-inc.org.ph/nmat).

An additional one (1) day for each testing period may be added as back-up test date for those who fail to access their original test links due to circumstances beyond their control such as, but not limited to, power outage or loss of internet connection. The electronic copy of the test results will be available for online viewing and downloading twenty (20) CEM business days after the last test date for each testing period.

A copy of the NMAT poster is enclosed for your reference.

Thank you very much.

Sincerely,
